

VZ-20/28

UHF/VHF PORTABLE RADIOS

The VZ-20/28 radio series are cost effective radio communication solutions meant for both first time and intermediate users. These portable radios are equipped with the necessary features to ensure reliable communication at an affordable price.

COMPACT AND DISCREET

The compact and discreet size of the VZ-20/28 allows users to seamlessly integrate the radio into existing business operations comfortably.

SIMPLE AND RELIABLE

The VZ-20/28 radio series are easy to use right out of the box and are reliable so you are always in contact with your team.

NEVER MISS A CALL

Scan and Priority Scan options allow you to program and configure your radios to skip channels, letting you communicate quickly using the right channel.

CHANNEL ANNOUNCEMENT

Upon channel switching, the radio announces the current channel. Users can toggle between channels without having to look at the radio, thus improving work productivity.

LOUD AND CLEAR AUDIO

The 1-Watt speaker ensures important communications are heard even in noisy environments.

EASY TO PROGRAM CHANNELS

For the VZ-28 model, up to 128 channels can be stored either through programming software, or the front panel. This provides convenience to the user, avoiding the need to frequently program the radio.

LI-ION BATTERY SOLUTIONS

Up to 11 hours of talk time allows you and your team to get through a shift without worrying about running out of power.

2-PRONG PIN ACCESSORY CONNECTOR

The 2-prong pin side connector enables standard audio accessories to be used, helping reduce your overall cost of ownership.
